People Are Held In Check By The Mounted  
Troops Of The "Little Father."

## PARIS COMMUNE IS RE-ENACTED

In Warsaw And Lodz The Streets Are Barricaded, Bombs  
Are Being Thrown and Citizens Shot  
Down By Hundreds.

[SPECIAL BY SCRIPPS-M'RAE.]  
Lodz, June 27.—Order has been temporarily restored and the situation appears improved today. At Wlizen, a station near here, today a drunken officer ordered the Cossacks to fire on a train-load of passengers. Two volleys were fired, but only one passenger—a woman—was wounded.

At Warsaw  
Warsaw, June 27.—The situation is becoming more critical. The police are terror-stricken, making no efforts to preserve order. Further rioting is expected. The Cossacks are patrolling the streets. In the disturbances yesterday one man was killed and twenty-five injured. The arrests numbered 672.

In Warsaw and Lodz the scenes of the red days of the Paris commune are being enacted. Streets are barricaded, bombs are being thrown, people are being shot down.

Already at Lodz 343 Jews and 218 Christians have been killed by the Cossacks. It is known that the wounded number more than 700. How many were killed and wounded and the facts concealed is not known.

The Caucasus is aflame with an insurrection on a big scale. The Mussulmen are actually besieging the Armenians in some of the towns. Peasant uprisings also have occurred in several provinces, notably Kharkoff, where the estates of half a dozen nobles have been burned, and where the workmen resisted Cossacks with arms, wounding several of the soldiers.

Rebel Flags Are Unfurled.

The military authorities do not conceal their alarm over the wide area covered by the insurrection. The situation is summarized in dispatches received from the points named:

Warsaw—City under martial law; streets barricaded; all workmen on strike; all business suspended; many wounded in street fights.

Lodz—State of siege proclaimed; 20,000 Jews left city; twelve persons killed by Cossacks; business at a standstill; one regiment of troops refused to fire on people.

Czestochowa—A bomb was thrown at a carriage occupied by the chief of police, K. M. Pavloff. The chief and seven other persons were seriously wounded.

Attack the Police Station.

Kovno—A mob of a thousand persons attacked the police station and the governor general's palace. All the windows were broken before the rioters were overpowered by the police. Five policemen were wounded. A detachment of dragoons dispersed the rioters.

Starists—Revolutionists are scattering proclamations broadcast among

## YAQUI INDIANS ARE ON THE RAMPAGE

Party of American Miners Has Gone  
to Aid the Planters Who  
Are Besieged.

[SPECIAL BY SCRIPPS-M'RAE.]  
Tucson, Ariz., June 27.—News has reached here that twelve ranchers and several women and children were murdered by a band of a hundred Yaqui Indians, who have been raiding the Ayres district of Sonora, Mex. The ranchers made a stand at the Ayres ranch where they were aided by thirty employees and succeeded in repulsing the attack of the Indians. Jesus Ortondo, the proprietor of the ranch, his brother, Francisco, and Luis Carranza, proprietor of an adjoining ranch, died of their wounds. Twenty Indians were killed. Five of the Yaquis were captured near the scene and hanged. A party composed of American mining men has gone to the rescue of the unfortunate.

## ROBBERS PUT ON STYLE TO ROB A RURAL POSTOFFICE

Four Bold Robbers Loot a New Jersey  
Town and Use an Auto  
Successfully.

[SPECIAL BY SCRIPPS-M'RAE.]  
Elmer, N. J., June 27.—Four robbers, who rode in a big touring car, this morning blew open the safe at the postoffice here and secured money and stamps to the value of a thousand dollars and escaped.

## SECRETARY HAY CONTINUES TO IMPROVE VERY SLOWLY

Had a Good Night and Is Resting Easily This Morning.

[SPECIAL BY SCRIPPS-M'RAE.]  
Newbury, N. H., June 27.—Secretary Hay passed a comfortable night and is resting quietly this morning.

the peasantry calling on them to rise. The proclamations are signed with the name of Father Gopon, but his name is believed to have been forged. Rostoff-on-Don—The police discovered that large quantities of arms and ammunition have been purchased here and shipped to the Caucasus.

Chenstochoff—A bomb was thrown into the police station. It wounded several policemen and broke all the windows for blocks around the station. Saratoff—Troops were hurriedly dispatched to three districts to suppress agrarian disturbances.

Minsk—The peasant disturbances in this vicinity are spreading.

Urge People to Act.

Ekaterinoslav—A semi-panic was created by the distribution of proclamations calling on the people to fight against treason, and fears are expressed that the lowest classes of the people are being incited by the police against the educated classes.

Balashoff—The town council adopted a resolution demanding the abolition of police dictatorship conferred on Gen. Treppoff and the immediate removal of all ministers hostile to the reform rescript of March 3.

Byelostok—The workmen presented a demand for the opening of all suspended factories and the immediate satisfaction of all grievances, under a threat of bloodshed. The Jewish members of the duma resigned as a protest against the attitude of the authorities.

Kalish—The population was thrown into a state of panic by a sudden volley of revolver shots in the center of the city and by "red flag" demonstrations. The people fled to their homes and the shops were closed. The manifestants dispersed on the arrival of patrols.

Kisheneff—All the printers here have struck work.

Odessa—Two Cossacks and four workmen were killed and a score wounded in riots here; most factories are idle.

Borders on Civil War.

Every new dispatch accentuates the seriousness of the situation in Poland and the Caucasus, where a state of almost open war exists, and reports of strikes, demonstrations, and agrarian disorders are pouring in from many parts of Russia proper, as if the volleys fired from Lodz had been the signal for an outbreak of general disorders like those following the events of Jan. 22, "red Sunday."

Up to the present, St. Petersburg and Moscow have not been affected, but if mobilization is to be attempted in the two capitals, as reported, a recrudescence of former tumults is apt to be precipitated.

## SPARKS FROM THE WIRES

Nearly 200 carriage workers at the Barnett Carriage company's plant in Cincinnati struck on account of reductions made in wages and changes from piece to contract work inaugurated by a new manager.

Carmelo Scillozo, an Italian, aged 15 years, was arrested at Hubbard, O., charged with the murder of Michael Carolla, whom it is alleged, he disemboweled with a butcher knife because the latter had ran him down with a bicycle.

Herbert Birdsell, aged 18 years, accidentally shot and killed a companion, Edward Rush, son of Edward Rush of Pelham Manor, N. Y., at Stamford, Conn., and in his flight he ran into the woods and later was found dead. He had killed himself with the same weapon.

Alfred R. Leith, 22 years old, of Hossick Falls, N. Y., is thought to have been a victim of the wreck of the twentieth century limited train at Mentor, O., last Thursday. Leith had been employed at Canton, Ill., and had written to his brother, John F. Leith, to meet him upon the arrival of the train in New York city. Since that time nothing has been heard of him by his family.

Major B. M. Harrod of the Panama canal commission was a passenger on the steamer Comus from New Orleans.

L. Bates of Meadville, Pa., has been appointed a delegate to the international peace conference, to meet at Brussels Aug. 28.

Morgan H. Beach, United States attorney for the District of Columbia, has resigned and his resignation has been accepted by the President.

Glenn Baimum, graduate of the Paxton high school, class of 1905, has received a scholarship valued at \$100 from the University of Illinois.

Captain George P. Colvocoresses, United States navy, the new commandant of midshipmen at the naval academy, arrived in Annapolis and entered upon his duties.

## ROOSEVELT GREETED OLD CLASSMATES

Attending Twenty-Fifth Anniversary  
of 1885 Harvard Graduating  
Class.

[SPECIAL TO THE GAZETTE.]

Cambridge, Mass., June 27.—President Roosevelt is here to attend the twenty-fifth anniversary of the graduating class of 1885, of which he is a member. On his arrival he was met by a special committee and driven directly to the home of Bishop Lawrence, of Massachusetts, president of the Harvard Alumni. A breakfast was given this morning in honor of Mr. Roosevelt at which Gov. Douglas, Lieut. Gov. Guild, and other distinguished guests attended. The entire day will be devoted entirely to the celebration of the class anniversary and the president has refused all invitations to attend public functions, preferring to devote himself to the enjoyment of meeting old college friends in a social way.

## NORSE RESOLUTIONS REACH ROOSEVELT

New York Norwegians Want United  
States To Be First in Recognition  
of New Nation.

[SPECIAL TO THE GAZETTE.]

Washington, June 27.—A set of resolutions adopted by the Norwegians of New York at a mass meeting held there recently, reached the White House today, but will probably not be considered by the President before he reaches Oyster Bay. The resolutions express sympathy with the Norwegian movement, together with a petition that the United States be the first of the powers to recognize Norway as a sovereign state.

## OKLAHOMA DAY AT THE EXPOSITION

National Editorial Association, Recently  
Gathered in Oklahoma,  
Helps Celebrate.

[SPECIAL TO THE GAZETTE.]

Portland, Ore., June 27.—Oklahoma Day was celebrated here today in elaborate fashion. An address of welcome was made by President Goode of the exposition company, to which Governor Ferguson, of Oklahoma made a reply. Hon. J. B. McCabe, ex-president of the National Press Association, also made an address which was listened to by delegates to the National Editorial Association which recently met in Oklahoma and who have come to Portland on an outing.

## JAPANESE DO NOT GIVE UP THEIR ADVANCE MOVEMENT AND MARCH ON STEADILY

Advices From the Far East Say Advance  
Movement Is Kept  
Up Daily.

[SPECIAL BY SCRIPPS-M'RAE.]

St. Petersburg, June 27.—A dispatch from Cushing, Manchuria, says the Japanese movement in the direction of Ninguta is being kept up steadily.

## "ELIJAH'S" SCOUTS REACH "GAY PAREE"

Two of Dowie's Disciples, Forerunners  
of "Cleaning Force," Arrive in  
French Capital.

[SPECIAL TO THE GAZETTE.]

Paris, June 27.—Paris realized for the first time today that Alexander Dowie is seriously regarding his intention to "clean out the vile French city" when two his disciples arrived here to look over the situation. The Apostle of Zion intends to bring a host to this city, as soon as he can get together \$200,000 and 3,000 men, for the purpose of reforming the streets and resorts that add to the gay life of the French capital.

The Moulin Rouge girls have already been notified of Dowie's coming. Habitués of the Camembert du Neont and the Folies Bergères are also beginning to prepare for him and his followers. It is said that Dowie will sweep the Jardin de Paris away by renting it to house his restoration of 3,000 in. Dowie will probably not reach Paris before October. By that time the city will have recovered from its exhaustion following the Grand Prix, and the "Prophet" thinks his missionaries will be able to do a lot of good. Money for the trip will be gathered from the faithful all over the world, for among Zion's hosts Paris is considered little less than impossible.

## AMERICANS WILL GO TO RUSSIAN FRONT

Army Officers of the United States  
Will Observe Operations in  
Manchuria.

[SPECIAL TO THE GAZETTE.]

New York, June 27.—Brig-Gen. Thomas H. Barry, who has been ordered by the war department to St. Petersburg, preparatory to joining the Russian forces in Manchuria, sailed from this city today for Europe. He is accompanied by Capt. S. A. Colman of the general staff. Mr. John Van R. Hoff, of the medical department at Fort Leavenworth, who has also been ordered to Manchuria to observe the operations of the Russian army, will make the trip by way of San Francisco and the Pacific ocean, and will join the others at the most convenient point in Manchuria.

## TWENTY-SECOND ANNUAL MEETING OF THE PENN MUTUAL AGENTS' ASS'N.

[SPECIAL TO THE GAZETTE.]

Cleveland, Ohio, June 27.—The twenty-second annual meeting of the Penn Mutual Agency Association which began here today is largely attended, general agents being present from all over the country. The convention will continue until Friday next and is held at the expense of the agents themselves, their object being comparisons of ideas with an interchange of experience in order to gain such benefits as may legitimately accrue to associated effort.

On Friday, four days after the funeral of Delbert K. Smith, of Waukegan, Wis., a son was born to the widow.

## DEBS ORGANIZING A NEW LABOR BODY

Will Oppose National Federation,  
Gompers and Mitchell—To Be  
Political in Nature.

[SPECIAL TO THE GAZETTE.]

Chicago, June 27.—Labor interests all over the country are centered in the big convention which opened here today under the auspices of Eugene V. Debs, late presidential nominee on the Socialistic Democratic ticket, for the purpose of forming "an economic organization of the working classes." Mr. Debs will be president of the new institution which is made up of representatives of labor organizations all over the country. The American Federation of Labor leaders are bitterly opposed to the new association, claiming that it is formed with the hope of securing the co-operation of disgruntled political schemers. It is said one of the objects of the national organization will be to combat and if possible destroy the American Federation of Labor, of which Samuel Gompers is president. It will also seek the undoing of John Mitchell, the head of the Mine Workers of America. Both Gompers and Mitchell are members of the National Civic Federation and the socialists regard that body as their natural enemy. Debs, it is stated, will again organize the railroad workers and lead another big strike if desired by the socialists after the new body is organized. The official color of the proposed national organization will be red.

## POSTPONE ALL ELSE WHILE MAKING HAY

Farmers in Ontario, Canada, Prepare  
for an Immense Harvest This  
Year.

[SPECIAL TO THE GAZETTE.]

Kingston, Ont., June 27.—The hay harvest this season will be unusually large. Harvesting will soon begin and many conventions and encampments, whose members and officers are largely from the rural districts, have been postponed in order not to conflict with the busy season.

## DEBS SAYS STRIKE IN CHICAGO WILL FAIL

Considers Organization of Capital  
Too Strong for the Team  
sters' Union.

[SPECIAL TO THE GAZETTE.]

Chicago, June 27.—Eugene V. Debs, whose chief ambition just now seems to be the putting out of business of the American Federation of Labor, thinks that the Chicago strikers are engaged in a struggle which will prove futile. Discussing the situation as it exists in Chicago today, he said: "The Chicago strike is sure to fail, as all strikes of any consequence in the last two years have failed, showing the power of the capitalist is organized and used against the working class by defeating their strikes and breaking up their trade unions."

## DRIVERS VOTE FOR A TIE-UP

Teamsters In Chicago Take First Step In General  
Paralysis Of All Trade.

## ONLY FIVE MEN WERE OPPOSED

President Shea Calls Meetings Of All The Locals To Take  
Definite Action After Employers' Terms  
Are Rejected.

[SPECIAL BY SCRIPPS-M'RAE.]

Chicago, June 27.—Members of the furniture-movers and expressmen's association have continued deliveries to the strike-bound houses today in the face of the threat of the drivers to strike if this is persisted in. The employers seem determined to force an issue which will probably lead to an extension of the strike to a thousand or more teamsters. Sheriff Barrett says the strike deputies are being withdrawn at the rate of about 100 a day owing to the decrease of violence.

Chicago, June 27.—The "rank and file" of the striking teamsters cast the die for more strike Monday night by a decisive vote. Out of 1,400 who had a vote only five of the men who have been out of work for over eleven weeks were ready to accept a settlement of the strike on the employers' terms.

The express wagon drivers scorned the peace proposal, refusing to entertain it long enough to permit its explanation by its sponsors from the Teamsters' Joint Council. While the department store drivers allowed the proposition to come to a vote they buried it beneath an avalanche of sentiment in favor of the continuance of the struggle.

March Through the Streets.

The strike fever broke into demonstrations several times during the night. As a climax to the enthusiasm 300 of the striking State street drivers marched in a body to Bricklayers' hall from their own meeting place. Bursting into the express drivers' meeting they took the proceedings by storm.

Incidentally, President Shea spent a few hours of triumph. He was visibly affected by the overwhelming vote in support of his policy. Shea himself took little part in the conduct of the balloting.

While the question of going back to work was hanging in the balance Shea lay in his room in the Briggs house, asleep. When some one informed him of the news he remarked: "I thought it would be that way."

## LEADING BANKS WILL SAVE THE CREDIT

The Failure of the Knight Donnelly  
Company Will Not Be a  
Bad One.

[SPECIAL BY SCRIPPS-M'RAE.]

Chicago, June 27.—Leading banks have made arrangements to carry the stock exchange securities of Knight and Donnelly company, stock brokers, who failed yesterday with liabilities estimated at a quarter of a million dollars. This is to prevent disastrous results in local financial circles.

## STATE NOTES

The village board of Osceola has decided to raise the license from \$400 to \$500. Osceola has three saloons and each of its proprietors say they do not understand the action of the board and will not pay such high license.

The tenth annual reunion of the Linderman Family association was held on Saturday at Capron, Ill., and ninety-five members were present. The next meeting will be held in Beloit. The family traces its lineage to Martin Luther.

Information has been received at Racine that Allen Shevmon, a street railway promoter who suddenly disappeared three years ago, is living in a town in Mexico. His wife and other relatives always labored under the impression that he was murdered in Chicago.

The saengerfest at Wausau of the North Wisconsin Saengerbund closed Sunday night with a grand ball. Portage, Marinette, Stevens Point, Merrill, Medford, Marathon City, and many other cities of the northern part of the state were there with large delegations.

Arrangements have been made to hold this summer's reunion of "the old Twelfth" in Madison, Tuesday and Wednesday, July 25 and 26. Capt. Giles Stevens, Company B, and Lieut. Harlan Bird, Company G, will read papers on the part the Twelfth took in the siege of Vicksburg.

Conrad Keppler, aged 35 years, had a narrow escape from losing his life in the lake off Kenosha on Monday. He started out in a rowboat. When he was nearly three-quarters of a mile from the beach the boat upset and for nearly twenty minutes he struggled in the water before being rescued.

Shea at once took a renewed interest in the strike.

"The men who have shown their fighting spirit by this vote must be supported," said he. "Every union teamster in Chicago must rally to their assistance."

When asked if his words had reference to a general strike, Shea evaded the issue. He ordered, however, that special meetings of the forty-five different local unions of teamsters in the city be called within the week.

"They are to test the sentiment," said Shea.

In a consultation with his lieutenants Shea also insisted that more funds must be raised for carrying on the strike. It is probable that missionaries will be sent broadcast over the country soon in search of financial aid.

Text of Rejected Terms.

The peace terms which the two unions of teamsters rejected so overwhelmingly were drawn up by John V. Farwell, Jr. They differed little from those refused three weeks ago by the joint council, the only variation being in the clause referring to the wearing of buttons. The conditions which were "turned down" are as follows:

"The existing strike is to be called off immediately.

"The employers will fill vacancies among their teamsters without discrimination against union or nonunion men or against their former teamsters, but will run upon the open shop principle.

"No teamsters will be discharged to make room for strikers.

"The wages and hours will be the same as before April 1.

"No teamster will be re-employed who has been found guilty of violations of the law.

"All the teamsters must make deliveries to any and all individuals, firms and companies as directed by their employers.

"The Employers' Teaming company was not in existence when the strike was called and it will continue to conduct its business independently.

"When employers object no buttons will be worn in an exposed position."

## MINERS' COMMITTEE HELD A CONFERENCE

They Are Meeting This Afternoon  
with the Employers for a  
Settlement.

[SPECIAL BY SCRIPPS-M'RAE.]

Chicago, June 27.—A committee of miners appeared before the Illinois coal operators in session over the shutoffers' arbitration proposal and asked for a conference. This afternoon President Mitchell of the United Mine Workers and Secretary Ryan and members of the executive board met the operators. An endeavor to effect a settlement of the controversy was made.

## NEW GAME LAW MEETS APPROVAL

PROHIBITS SPRING DUCK HUNTING IN STATE.

## LAWS ARE NOW UNIFORM

Fishing Season Made to Conform in Various Counties—Valuable Hints.

Quite important legislation in the interest of sportsmen was accomplished at this session of the legislature, and for it much of the credit is due to Senator Wipperfurth of Grand Rapids, chairman of the game and game committee. An effort which was quite successful was made to make the fish and game laws more practicable and uniform, and in particular to have them conform to the laws of other neighboring states, that the states and their game wardens might work in harmony for the protection of the fish and game. A uniform law was passed with reference to the taking of fish so that some of the lakes to which special legislation has been applied might be made to conform to conditions on other neighboring lakes. For instance, in Dane county the season for fishing used to open May 10 and now it is made May 25, like the rest of the state.

**Is Prohibited.**  
The spring shooting of ducks is prohibited, which is considered by sportsmen everywhere an important piece of legislation and is especially satisfactory to them. For years the state has been stocking the great lakes at some points and now that work is turned over to the government, inasmuch as the fish thus planted rarely are caught by inhabitants of Wisconsin, but usually by those of other states. An agreement has been reached with other states which tends to make the fish and game laws conform and boundary lines have been fixed in some places so that game wardens may not interfere or have a conflict of authority.

**Game Warden Overbeck** has issued the following synopsis of the existing laws which will be of value to every hunter and fisherman:  
**What the Game Laws Provide.**  
Sale of game prohibited. Game must be accompanied by the owner when in transit.  
**Licenses.**—All persons desiring to hunt deer or other game must obtain a license and pay the following fees therefor: Residents, \$1; nonresidents, \$25 for hunting deer and other game; \$10 for hunting game except deer. Hunting licenses must be in possession of person while hunting. Nonresidents in possession of a license therefor may kill and ship two deer, and may ship fifty game birds, fowls, or animals. Resident licenses are not allowed to ship game out of the state.

**Open Season.**—General open season for hunting deer Nov. 11 to Nov. 30, both inclusive; special provisions prevailing in certain counties. Woodcock, partridge, plover, pheasant, and grouse of any variety, open season Sept. 1 to Dec. 1; prairie chicken, open season Sept. 15 to Oct. 15; wild duck or other aquatic fowl, open season, Sept. 1 to Jan. 1; wild goose or brant, open season, Sept. 1 to April 1; rabbits, gray, fox, or black squirrel, open season, Sept. 1 to March 1; fisher, martin, or mink, open season, Nov. 1 to Feb. 15; muskrat, open season, Nov. 1 to May 1; beaver, no open season; Mongolian, Chinese, English pheasant, or quail, no open season. Limit to the number of game birds that may be killed or possessed during any day: Fifteen prairie chickens, grouse of any variety, or woodcock; twenty-five partridge or pheasant; thirty wild geese, wild duck of any variety, plover, or snipe.

**Are Prohibited.**  
Prohibited methods for hunting deer—With dog or dogs; in the "light time"; in the water or on the ice of any stream, pond, or lake; by means of any pit, pitfall, trap, or snare, or by the aid of any artificial light; salt licks are prohibited.  
Number of deer to be killed or possessed—Possession of deer skins prohibited. It is unlawful to kill or possess more than two deer in any one year or to have in possession the skin of any deer when in the red coat or the skin of any fawn when in the spotted coat.

**Transportation.**  
It shall be unlawful to transport any carcass or part of carcass or a green hide or a green head of a deer between Dec. 3 and Nov. 12 following, or to transport a carcass or part of carcass of a deer during the open season without having attached thereto coupons properly canceled as provided by law.

Prohibited methods of hunting aquatic fowl—Shooting on open water or beyond the natural covering of reeds and rushes; to shoot from an artificial blind; to hunt in the night time; to use more than twenty-five decoys, or to use a net of any kind.  
**No Snare.**  
Prohibited methods of hunting protected game birds—To use any snare, net, trap, spring gun or similar contrivance, or any other firearm not habitually held at arm's length and discharged from the shoulder.  
Unlawful to destroy or molest muskrat houses or to shoot or spear muskrats.

**As to Fish.**  
Fish—Open season, brook trout of any variety, May 1 to Aug. 15. It is unlawful to retain trout of any variety less than six inches in length, or to have more than ten pounds in possession during any one day or to sell any trout, or to ship same without accompanying the shipment, or to fish for any variety of fish in a trout stream during the closed season.

**Open Season.**  
Open season, game fish—May 25 to March 1; restrictions in certain localities. It is unlawful to take game fish by any other method than by angling or trolling, or to take and retain black bass less than eight inches in length.  
**Transportation.**—Packages containing fish or game must be labeled to show the weight of each kind of fish, the number of each variety of game, and the name and address of the consignor and consignee, under penalty of fine and imprisonment.

## GAGE TO CAPTAIN BOREALIS ZOUAVES

Said Enuf, the Illustrious Commander, Thrusts Distinguished Honor on Janesville Citizen.

The Borealis Zouaves! When Charles Gage received word from this famous company that they would positively appear in Janesville for the Nonesuch Bros. on July 4 and that he would have the honor of directing the maneuvers, he was overcome with emotion. Such glory is thrust upon but few men in this mortal life.

Said Enuf who captains the illustrious squadron and who with his valiant comrades was the first to scale the walls of the beleaguered city of Pelin during those terrible days of the Boxer rebellion, wrote briefly to Mr. Gage from the far-off city of River, Afghanistan:

COMMANDER SAID ENUF

Pelin during those terrible days of the Boxer rebellion, wrote briefly to Mr. Gage from the far-off city of River, Afghanistan:

"Sirrah: Your request is my command. We, who were summoned before the Akound of Swat only seven days heretofore, and decorated for conspicuous bravery in his last war with the Emir of the neighboring province, will be with you on or about the Calends of July. You must direct the evolutions. That swat's the malice."

It must be mentioned in justice to Said Enuf that his last remark was not intended as a pleasantry, a trivial play on the name of his noble benefactor. Let such unworthy thoughts perish. The phrase, as a matter of fact, is the battlecry of the Borealis host. It was adopted as per royal edict of the Swat, himself.

## NORMAL REGENTS ARE HOLDING A SESSION

To Elect Successor of Major Rockwood, Former Janesville Newspaper Man.

The annual meeting of the board of state normal school regents is in session today at the capitol at Madison. One of the most important matters of business to be attended to is the election of a secretary to take the place of Major S. S. Rockwood, former editor of the Janesville Recorder, who is at the point of death at his home in Portage, suffering from a stroke of paralysis, which it is said must prove fatal. His term is an annual one and expires now. It was expected that he would not be a candidate for another term, although his illness makes it impossible for him to continue in the service he has performed capably for ten years. It is expected that A. A. Peacock of Oconto would be elected. Lieutenant Governor Davidson yesterday announced the appointment of two members of the board—Lieutenant George Green of Whitewater, in place of Senator Z. P. Beach, and Clarence McFarland of Stevens Point, in place of the late Regent McDill.

## WOULD OUST DOWNER BECAUSE HE IS GOOD

Graduate Manager of Wisconsin Athletics Made Athletes Pay Their Bills.

A campaign has been inaugurated at Madison having for its purpose the defeat of George F. Downer, for graduate manager of athletics at the University of Wisconsin. Hamlet J. Barry, who was graduated from the university law school last week, is the rival candidate. Mr. Downer is strongly supported by the faculty and there will doubtless be no change in the office. Because of his aggressiveness in the cause of pure athletics, because of his insistence upon athletes paying for their board at the training table and for other reasons, Mr. Downer has become unpopular with a considerable portion of the student body and hence the movement to defeat his candidacy for reelection.

## TWO EVANGELISTIC STUDENT QUARTETS

Milton College Boys Spreading Gospel in Song—R. W. Clarke Receives Appointment.

[SPECIAL TO THE GAZETTE.]  
Milton, June 27.—An Evangelistic student quartet composed of Messrs. W. S. Wells, C. A. Nelson, H. L. Polan and B. F. Johanson have gone to Stonefort, Ill., where they will begin their labors. Another quartet, Messrs. E. E. Hurley, L. H. Stringer, H. M. Place and J. B. Hutchins go out soon and will make Adams county the scene of their work.

**R. W. Clarke on Faculty.**  
The president of Milton College announced in his annual statement that R. W. Clarke, '02, who graduated from the law department of the University of Wisconsin last week, had been added to the faculty for the coming year as an instructor in history and political economy.

**Award of Scholarship.**  
The sophomore scholarship was awarded to Miss A. M. West. The junior to Miss C. Wheeler.

## SESSION OF THE CITY COUNCIL

CONSIDERABLE BUSINESS DISPOSED OF LAST NIGHT.

## PROPOSED SPUR ON MAIN ST.

Caused Much Discussion, But Was Finally Sanctioned—Bower City Bank Made Official Depository.

When the finance committee's report on bills had been read before the city council last evening, Alderman J. J. Dulin objected to the item of \$25 for the services of Alex Buchholz, employed as watchman at the stone-crusher at \$2 a day, claiming that the city would thereby be paying for time not actually put in at the plant. When asked to be specific he said that Mr. Buchholz was not there on the afternoon of the 12th, and that the \$1 for his services that afternoon ought not to be paid. An exchange of greetings ensued between the alderman and Supt. Charles Potter of the stone-crusher plant in which the latter intimated that there was a good deal of soreness and spite-work behind this questioning of the bill. If the time book showed that Mr. Buchholz worked that afternoon he would be willing to make affidavit that he did so. Street Commissioner Sennett was requested to get the book. When read, it was found that Mr. Buchholz was credited with working during the afternoon in question. The report of the finance committee was then adopted, Ald. Dulin qualifying his vote with an exception to the \$25 item. Ald. Merritt introduced a motion calling on the superintendent of the crusher to make full report to the council, with the additional provision that bills should no longer come in from both him and the street commissioner.

**Reports Passed Upon.**  
The pay roll for the month was passed upon and the report of the board of education accepted. On recommendation of the street assessment committee, Hanrahan & Lindquist's bid of \$1,249.95 for the construction of sewers this season was accepted, the same being the lowest submitted. The same committee reported the assessment of benefits and damages to property on West Milwaukee street between High and Academy, resulting from the construction of the new brick pavement, and the report was adopted. Similar action was taken on the report regarding the amount due contractors for paving work on West Milwaukee street. The report of the assistant street commissioner on sidewalks needed was adopted and the walks ordered built. Bonds of C. L. Fifield, municipal judge, and the weed commissioners—E. H. Murdoch and P. H. Stead, were found in due form and accepted.

**Official City Depository.**  
Bids of four banks for the use of the city money during the coming fiscal year were opened. The Bower City Institution offered to pay interest at the rate of 2 1/2 percent per annum on daily balances, the same to be credited to the city's account at the end of each month. The Rock County National offered to pay 3 and 1/2 percent; the First National 3 and 1/2 percent; and the Merchants & Mechanics bank 2 and 1/2 percent, under similar arrangements. The Bower City bank's bid being the most advantageous a resolution introduced by Ald. Jackman designating that bank as the institution where the money of the city should be kept, calling upon the same to furnish a bond of \$50,000, and authorizing the mayor to enter into a contract according to the terms offered, was passed.

**Spur Track on Main Street.**  
During the recess the matter of granting to the Janesville Granite Brick & Stone Co. a franchise to build a 12-foot spur railroad track on a portion of South Main street was long and earnestly discussed. When the measure was given its first and second reading, Alderman Jackman offered an amendment restricting the length to nine rods and specifying where the rails should be laid. The rules were suspended and the franchise as amended was advanced to its third reading and placed on passage. The measure provides that the tracks must be removed whenever the city shall so direct.

**Matters Carried Out.**  
A. A. Russell served notice that the city would be held liable for damages sustained by a team and hack which were precipitated into an alleged unprotected sewer ditch on Center street. Kate Richter served a similar notice regarding injuries to her West Milwaukee street property, alleged to have been sustained by reason of unsuitable sewer facilities.

Under the terms of the consideration of both of these notices was granted the judiciary committee. A similar dispensation was allowed the fire and water committee with regard to the petition for a fire-alarm box and electric light at the corner of South Jackson and Riverside streets.

Street Commissioner Sennett's request that he be allowed \$2.75 per week for the board of a horse which he had found necessary to secure in carrying on the work of his department was laid on the table indefinitely.

**South Second Street Walk.**  
The highway committee reported favorably on the petition of Marian R. Ruger and Allen P. Lovejoy for permission to build a standard sidewalk adjoining the curb on South Second street. The resolution to grant the petition passed by a close vote, Aldermen Baumann, Brockhaus, Hager, and Jackman expressing disapproval. An attempt to make this manner of laying the walks on that thoroughfare uniform was defeated a few weeks ago.

**Resignation Accepted.**  
T. S. Nolan's resignation as a member of the fire and police commission was accepted and Mayor Hutchinson announced that he would fill the vacancy in the near future. The appointment of Day Switchman William Smith as special policeman without pay was announced by His Honor and confirmed. The appointment is made to afford additional protection to owners of boathouse property just above the dam from small boys who persist in throwing stones in that locality.

Harry Haggart was delegated to make the annual examination of the books of the city treasurer, compensation not to exceed \$75.

**Bids on Supplies.**  
By an order the city clerk was instructed to advertise for bids on some 110 tons of coal needed for city institutions. The street assessment committee was authorized to purchase two carloads of Burlington brick. The city clerk was directed to insure the city and its contents for \$5,000.

**Ordinance Passed.**  
Alderman Jackman's ordinance requiring all bills against the city to be sworn to received its third reading and was placed on passage.

## UNION LABEL LAW NOT GOOD IN COURT

New Jersey's Highest Court Decides Against Cigar Makers' Union.

The Court of Error and Appeals at Trenton, N. J., has handed down a decision in the case of the Cigar Makers' International Union of America against William H. Goldberg, of Newark, reversing the verdict of the lower court, and declaring the tenth clause of the statute regulating the use of the union label to be unconstitutional, says the United States Tobacco Journal.

The union had obtained judgment for \$200 against Goldberg for using alleged counterfeit union labels in the District Court of Newark and the decision had been affirmed by the Supreme Court.

The union-label act of 1898 makes it lawful for any organization of working people to register with the Secretary of State a label to designate the wares its members make and forbids anyone else to use the label or imitate it. The act further orders that of the label is used illegally, the organization may enjoin its use, recover all damage, costs and expenses, as well as a penalty of not less than \$200 nor more than \$500 for the organization's use.

In rendering decision the court said:

"The tenth section of the act respecting labels, trademarks, etc., is unconstitutional in that it purports to empower the party injured by a violation of the statute to fix, within the limits prescribed, the amount of penalty which, in addition to full compensation for the injury suffered, shall be exacted from the offender for the use and benefit of the injured party."

"Such a proceeding would deprive the offender of his property without due process of law."

It is likely that the case will be taken to the U. S. Supreme Court.

## DRUG-STORES MUST KEEP WITHIN LAW

Mayor Hutchinson Asks for Investigation of Complaints That They Are Selling Liquor as Beverage.

Next Monday evening the city council will meet in adjourned session to take action on the applications for saloon licenses for the coming year. Mayor Hutchinson made a brief address last evening in which he admonished the license committee to carefully examine the applications and grant the privileges to such persons and in such places that the law might not be violated. He also made particular reference to the drug-stores, stating that his attention had been called to the fact that they were selling liquor at retail under pharmacy permits in violation of the law. This regulation he quoted in part as follows:

"Every town and village board and every common council may, upon written application therefor, grant to such registered pharmacists as they deem proper, permits to sell within their respective town, villages or cities strong spirituous and ardent liquors in quantities less than one gallon for medicinal, mechanical or scientific purposes and not to be drunk on the premises."

The annual license fee exacted from pharmacists for the sale of liquor amounts to \$10, while saloons are compelled to pay \$500. Obviously any competition between the two, brought to pass by the sale of the various alcoholic commodities by the drug-stores as beverages, is unfair to the saloon men as well as contrary to law. If, as a matter of fact, such infringements do occur, His Honor called upon the council to put an end to them and requested that the complaints made by the saloon-men against the druggists be carefully investigated.

## Labor Notes

Chief Rodrick, of the Pennsylvania State Department of Mines, has made public an abstract of his annual report for 1904, showing that the average days worked in the fifteen anthracite districts last year was 213. The total production was 65,700,258 tons; total employees, 161,339; fatal accidents, 695; non-fatal accidents, 1047.

A strike of coal miners is threatened at the mines of the Western Fuel Company, near Nanaimo, B. C.

The city council of St. Thomas, Ont., has passed a resolution memorializing the Dominion of Canada to withdraw the order reporting American employees of the Pere Marquette Railway. The Americans ordered for deportation say they have been instructed not to leave until escorted to the border. They will take the case to the Privy Council of England, if necessary.

The trust fund for sick and injured employees of the Union Pacific Railroad, which was abolished during the receivership ten years ago, is to be re-established on broader lines than before.

Walter Damrosch, director of the New York Symphony Orchestra, has settled his difficulty with the Mutual Musical Protective Union, New York, by paying under protest a fine of \$1,000 for putting five imported musicians at work without advertising sufficiently in this country the fact that there were vacancies in his organization.

**CONSPICUOUS IN A BALLROOM.**  
Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ball-room—a man's black dress-coat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; of pleasing odor, and cooling to the scalp.

### WHAT THIS MAN SAYS

Only Re-echoes the Sentiment of Thousands in Our Republic.

The Janesville reader is asked to thoroughly investigate the following: "The Janesville reader is asked to thoroughly investigate the following: published below will only be too pleased to answer any communication mailed to him if the writer really suffers from the annoying consequences which always attend inactive or weakened kidneys."

W. Samp, of 412 Euclid avenue, proprietors of the largest rock quarrying business in Beloit, says: "I had trouble with my kidneys for many years. It consisted mostly of a lame and aching back, and there were occasions when I had such severe attacks that I could not get out of the house for two or three weeks at a time. I was then practically helpless for it was painful to move. At other times it assumed a milder form, being a dull aching across my kidneys. I used medicines of different kinds but I never found anything that gave the satisfaction that Doan's Kidney Pills did. This remedy is worthy of a high recommendation and it is a pleasure for me to endorse it as doing all that is claimed for it."

Plenty more proof life this from Janesville people. Call at the People's drug store and ask what their customers report.

## LESE MAJESTY.

In a dispatch from Sioux City, Ia., Governor Robert M. La Follette announces that he may not accept the gift of the people of Wisconsin and go to the United States Senate after all. He refuses to give any reasons but merely makes the announcement. Meanwhile he is touring the country delivering lectures at two hundred dollars a night, drawing pay as governor of the state of Wisconsin and if he does qualify as United States senator will draw his salary as such an officer from the first of last March. Whether or not Governor La Follette intends to accept the office he was elected to by his legislature last January he should at least notify his adherents of his position and not leave the question in doubt.

"The term of a United States senator begins on the fourth day of March, and it is customary to pay the salary for the full year regardless of the date when the senator qualifies. Thus it comes that, if the new senator from Wisconsin takes his seat in the upper house next December, he will be given a check for the full nine months from March 4. Having already drawn his salary as governor for the same period and having accumulated some little substance while on the lecture platform—it is understood that he has been booked for the entire summer season at \$200 per night—the thrifty governor, senator, and popular lecturer will have gathered some moss," says the Milwaukee Sentinel.

"But were the Sentinel to intimate that where there appears to be no legal barrier to transactions of this kind, there are grave moral objections to the practice of obtaining money without rendering any return. It would be accused of 'abusing the governor.' If the Sentinel should intimate that, while La Follette is drawing a salary as governor and earning \$200 a night on the lecture platform, Lieut. Gov. Davidson is forced to perform the duties of the executive office for which he receives \$5 a day, that would be to 'abuse the governor.'

"If La Follette had resigned, Davidson could now be drawing the full salary as governor, to which he is in justice entitled, and the state would have been saved that \$5 a day paid to Davidson while La Follette is out of the state. But 'reform' is the great thing, and to mention a 'graft' of this character is to 'abuse the governor.'

"Lieut. Gov. Davidson would, under ordinary circumstances, be entitled to know when he will be expected to assume the responsibilities and duties of a real governor. He is a business man who can not depend for a living upon the meager salary he now draws from the state. The expense of moving his family into the executive mansion and preparing them to perform the social duties incidental to their new station in life must be considered. Yet Davidson does not know today whether he will succeed to the office or not. If he should complain he would be accused of 'abusing the governor.'

"Meanwhile the thrifty reformer takes everything within reach; picks up men and knocks them down; wheedles capitalists into contributing funds to carry forward his reform campaigns and then redeems his promises by making new ones; grabs offices, grabs salaries he does not earn, and grabs box office receipts he does not earn—for he is the best actor on the American stage today; and no one can say a word against him without 'abusing the governor.'

"And such is reform."

Those northern counties where the excursion rate for home-seekers have been an important item of their wealth and prosperity are damning the man who invented the rate commission just as heartily as they booed him for the past four years.

Paul Morion is to leave the cabinet in time to witness his old friends in the Santa Fe get a good drubbing from that rebate commission.

What is the matter with Yale? Here on the eve of the great betting proposition with Harvard, the annual

boat race, she disqualifies one of her star men just because he cribbed in an examination and the man says he didn't crib either.

It is said that Amos Parker Wilder is to go to Venezuela as the representative of Uncle Sam. Even the newspaper men are rewarded sometimes.

Milwaukee is getting her fill of grafting and grafters. The grand jury may unearth more than they wish they had before they get through.

Clyde Fitch the playwright, must be either lazy or run out of theatrical plots as he has announced but one new play for the coming season.

Linevitch appears to be badly licked even before that great talk of battle between himself and Oyama has begun.

Governor Folk makes a law regarding gambling and race betting and now he intends to see that it is enforced.

Maybe Castro will change his mind about annexing the United States when Orlando Burdett gets after him.

Bob Fitzsimmons is getting older every day but he is still the same grand old fighter he always was.

Japan objects to peace at any terms on the grounds that it will interfere with the fighting in Manchuria.

Oyama would not know how to handle an armistice if he should have one handed him on a silver platter.

The first ten days of August promise to be anxious days for both Russia and Japan.

The czar promised a national assembly with a string to it.

Not being able to get vindication Bowen may now go in for some elective office.

Grover Cleveland is sitting on the lid of the Equitable for the time being.

## PRESS COMMENT.

Chicago Record-Herald: Consider the nerve of the young man who will have himself photographed in his rowing or sprinting suit.

Oshkosh Northwestern: Perhaps the man who invented the open work stocking had an idea he was helping to minimize fraud.

Superior Telegram: One thing that all American politicians is that there are so many people who "vote 'er straight," no matter how crooked.

El Paso Herald: The chance of floods rolling up through the sewers must add a peculiar charm to the pleasure of riding in New York's rat hole railway.

La Crosse Chronicle: Reports from the leading wheat states indicate a yield of 670,000,000 bushels. Bread, the staff of life, is assured for another year.

Appleton Crescent: According to Dr. Parkhurst, Philadelphia is the worst city in the union and New York makes a good second. Where does Chicago come in.

Menasha Record: A Pullman Porter is reported to have taken \$100 from a purse containing \$550. That is a mistake. He was not a Pullman porter or the purse did not contain \$550.

Waukegan Post: The paramount issues of several campaigns in this state recently have been the primary law and the rate commission law. Both are now statutes; and the millennium is not yet here.

Buffalo Evening News: A New Jersey man told his daughter to sing "In the Shade of the Old Apple Tree," and during the refrain he committed suicide. It probably did make his task easier.

Minneapolis Journal: Four years ago, when appendicitis was coming in, we had a pain in the left side. When we told the doctor about it his mouth watered as he looked at us.

Milwaukee Sentinel: Luther Burbank, the plant world wizard, now expects to produce cobless corn. If Mr. Burbank believes he can displace the roasting ear from the esteem of this country he is mistaken.

Boston Journal: American newspaper enterprise is easily matched by that of the Harmsworths of London, who are erecting their own paper mill, with a capacity of 200 tons a day, away over here in Newfoundland.

Neenah Times: The Post states that "Blue trading stamps are no longer redeemable in Appleton." It appears the people trusted; the firm went busted; women are disgusted, and claims can't be adjusted.

Madison Journal: Gov. La Follette has two months talking before him. There will be an infinite amount of whispered reaching for his hand with the assurance "I'll vote for you for president, by gum."

La Crosse Leader: There is so much difference of opinion in Milwaukee as to the proper manner of conducting the investigation of recent boodle operations in city and county that some distance away one is apt to become confused and mix the identity of the boodlers and the reformers.

Green Bay Gazette: An enthusiastic Indiana golf club is to hold a match game to be played in the dark with phosphorescent golf balls and hole rims and the putting greens designated by Chinese lanterns. It is now up to rival club members to get even by planting a few croquet hoops over the grounds.

Racine Journal: Again Wisconsin will essay to win first place at the

boat races in Poughkeepsie. The Badgers have had hard luck in several of their contests in the east and it is to be hoped that this time that nothing of that sort will occur. Whenever some unforeseen accident occurs, the old cry of "what might have been" is set up. Let us hope that it will be a straight out and out struggle for contestants can bring up the hard luck story.

Fond du lac Commonwealth: Various country cemetery associations have set aside a day for the general cleaning up and beautifying of their grounds. This is a move in the right direction, and while organized action of that kind is not so necessary in the city, people owning plots in the cemeteries should assume the responsibility of keeping the grass cut and otherwise making the place attractive. An unkempt lot not only detracts from the general appearance of the cemetery, but reflects a careless spirit upon its owner.

Catholic Citizen: Our schools are educating children in a caste prejudice against manual employments. If there is any natural bent in the boy for carpentry, for designing, for engineering, for building for mercantile pursuits, above mere clerking, the course of his education has been such as never to bring it out. He is desirous, first of all things, to continue wearing the good cloths he has been accustomed to wear at school. Putting on working clothes seems a degradation. Sooner than experiment with the hammer, mallet with machinery, or swing the axe of his pioneer fathers, he will work for a pittance at some office employment where his implement is pen and his clothes are in danger of no other soiling than ink spots.

Milwaukee Free Press: The Free Press would, if it could, send a committee from every little city and village in Wisconsin to Delavan to see how pretty a snug city of two or three thousand population may be made when the people take pride in making it just as pretty as it can be. Delavan is a model town in regard to appearances. There may be others that are just as clean, and that have as fine streets, with the grass neatly cut along their borders and on all the lawns—not only on the principal streets, but on the side streets and the streets away out to the village limits, and that have their streets as well lighted, and have as good a water system, but we do not know of any others. It is a fact that nobody living in Delavan would quite dare to let his dooryard grow up tall grass and weeds, or have any unsightly rubbish where it could be seen. The people out there would frown on any such performance, and would remonstrate with any such untidy citizen. There is no such yard to be seen there; and the effect is most gratifying to the visitor who sees so much that is reprehensible in other towns. It does not cost anything but a little labor—and it pays better than the same effort would expended in any other direction.

## TEN DAYS VACATION WITH PAY FOR THE PATROLMEN

Measure Providing for the Annual Vacation of Policemen Was Passed by Council.

By a resolution introduced by Alderman Fish and passed by the council last evening, every patrolman now and hereafter appointed is granted leave of absence for 10 days not more than one patrolman may be absent at a time. The city marshal may grant additional leave of absence, not to exceed two days at a time, providing the officer so absenting himself furnishes a substitute.

Of Cannon-Firecrackers Within the Corporate Limits of Janesville and Is in Force, Says Attorney.

While the state law prohibiting the sale of cannon-firecrackers does not go into effect until Jan. 1, 1906, the city ordinance prohibiting the sale or use in Janesville of any such noise-producers which are larger than a half-inch in diameter, is still in force, according to City Attorney Burpee. All interested parties, including the merchant as well as the small boy, should take notice.

July Murr McIntosh Monthly. Among the special illustrations in the July number of this superb magazine are fine portraits of Richard Mansfield, Marie Tempest, Robert Lorraine, Henry Miller, Virginia Harrod as Trilby and Wilton Lackaye as Svengali. Among the theatrical scenes is a picture of a scene from "Trilby" which was recently reviewed in New York City and had in the cast many of the actors who appeared in the first production ten years ago. This July number contains several pictures in color mounted on artistic backs. The panoramic views are scenes in the United States and France together with a number of pages devoted to coaching and automobile parades and college athletics.

## WISCONSIN STATE LEAGUE

Oshkosh 1, La Crosse 0. La Crosse, Wis., June 27.—La Crosse was shut out yesterday, the third successive time. As the result of poor work in recent games there has been a shakedown of the local team. Outfielder Hopkins and Second Baseman Ramsey were traded to Beloit for Third Baseman Vogt. Dockman, Lynch and Baker have been released. A batch of new players has been secured from the Three I league. Score: Oshkosh 1 0 0 0 0 0 0 0—1 3 1 La Crosse 0 0 0 0 0 0 0 0—0 2 2 Batteries—Warner and Moore; Dodge and Dodge.

Green Bay 9, Wausau 2. Green Bay, Wis., June 27.—Green Bay won the first of a series of four games from Wausau here yesterday by a score of 9 to 2. Green Bay's excellent showing here yesterday has raised the hopes of local fans and a large crowd is expected to attend tomorrow's game. Weather conditions were good, and a fairly large crowd attended. Score: Green Bay 9 3 1 2 1 0 2 0—9 17 2 Wausau 0 0 0 0 0 1 0 1—0 2 5 6 Batteries—Rosinski, Connors; Gasper, O'Brien.

## SOFT MAPLES ARE HOME OF WORM

THAT BIDS FAIR TO DESTROY ALL THE FOLIAGE.

## COTTONY SCALE APPEARS

The Insects Feared by Sucking Sap—Will Hatch Out About the First of July.

Frederick Crawford, secretary of the Wisconsin Horticultural society, in an interview appearing in the Madison Democrat, says of the pest which destroys maple trees and has appeared here:

"The cottony masses so plentiful on soft maple trees in Madison at the present time are egg masses of the cottony scale, an insect that has caused extensive damage in Waukesha, Fort Atkinson and other places. In the cities mentioned it has destroyed many of the soft maple trees and is in a fair way to do so in Madison. About July 1 the egg will hatch and the young scale insects spread over the tree rapidly for a time, later settling on the leaves and twigs. Here they insert their beaks and begin to suck the sap, soon becoming covered with a waxy secretion which is impervious to water or any spraying mixture which may be used with safety upon the tree. From this it may be seen that the only time in which it is open to attack by spraying is during the very first period of its existence, three to five days after hatching.

"The insect feeds, as stated above, by sucking the sap and cannot therefore be destroyed by spraying the foliage with poisoned water; it is necessary to cover the insects with an oily, soapy or caustic substance. Kerosene emulsion is commonly employed for this kind of spraying. It consists of a combination of kerosene and soap in water. Small trees may be treated successfully but in the case of the 50-year-old specimens in Madison it is practically impossible to spray them thoroughly enough to be effective. If observed in time when but a few twigs are affected these may be cut off and burned.

"The insect, like many others, appears in cycles. Reports show that about 25 years ago the soft maple trees in Janesville, Rockford, and other places were destroyed by this scale. In time it will meet its natural enemies and disappear. In the meantime many of the soft maples will be killed which will not be an unmixed evil as the soft maple is, next to the box elder, the least desirable of trees for lawn or street planting. A hard maple, an elm or a linden at 25 years will be arriving at its fullest beauty while the soft maple, scarred and broken by wind-storms, will be ready to die."

## HEADQUARTERS WILL NOT BE MOVED YET

A. P. Burnham Receives a Letter from Otto Ringling Regarding Forepaugh-Sell Circus.

Mr. A. P. Burnham yesterday afternoon received a letter from Otto Ringling that the winter quarters of the Forepaugh-Sell circus will not be moved from Columbus, Ohio, for the present; that after the circus closes this show will return there for the winter. This ends all chances of Janesville being chosen for the headquarters of the show for the present year. There is, however, a possibility that next year the quarters may be moved from Columbus and if this is so then Janesville stands well up in the line of applicants for the location.

## THREE ENLISTED: THREE REJECTED

Six Men Examined for Admittance Into the Regular Army—Sent to Their Posts.

Of six applications made for entrance in the regular United States army within the past week, three were accepted and three rejected. Two of the men were found to be in poor physical condition and the eyesight of another was defective while the others were successful in passing the physical examination. Lum C. Harlow of Beloit was enlisted in the cavalry and has gone to Jefferson Barracks, Missouri. George J. Bohling of Iowa, and John C. Burnette of Cobb, Wisconsin, students at the Valerian school of telegraphy, were admitted to the signal corps and sent to Fort Meyer, Virginia. The men were secured through the efforts of Private Raguse, who makes Janesville his headquarters.

## MISS ALICE HENRY AND FRANCIS COEN MARRIED AT ST. PATRICK'S CHURCH

Ceremony Performed by Rev. J. J. McGinnity at Eight This Morning.

Miss Alice Henry and Francis Coen were happily joined in marriage this morning at St. Patrick's church. The ceremony took place at eight o'clock and was conducted by Rev. James J. McGinnity. Miss Margaret Golden and James Coen, a brother of the groom, attended the contracting parties. The bride is a popular young lady and is the daughter of Mrs. Felix Henry and Mr. Coen is a young man of respect and worth. They will reside in the town of La Prairie.

## SAFE AT HELENSVILLE CRACKED LAST EVENING

And Burglars Got Away With Plunder Amounting to \$400 in Value.

At Helensville, which is located on the North-Western railroad just beyond Jefferson Junction, burglars cracked the safe in the general store and postoffice last evening and got away with \$200 worth of stamps, negotiable paper, and cash, amounting in all to about \$400. They also took a nine-year-old sorrel mare belonging to a neighbor living close by. No trace of the criminals has been found.

## A THREE CORNERED FIGHT BEING WAGED

Ingersoll, Worthington and Dowd All Want the Beloit Postoffice Job.

Beloit is the scene of a three-cornered political fight just at present that promises to develop into a war of scraps before it is finally decided. The term of Postmaster Cham Ingersoll is soon to end and about three candidates, Robert L. Dowd, D. B. Worthington and present Postmaster Cham Ingersoll, have brought pressure to bear upon Congressman Cooper for their appointment. Mr. Worthington and Mr. Dowd are basing their rights to the office on the ground they are La Follette followers pure and simple, while Mr. Ingersoll bases his claim upon long service done in the ranks of the republican party. Pressure of all kinds is being brought to bear upon Mr. Cooper by friends of each of the candidates.

## REV. MARY KIMBALL READ A GOOD PAPER

Has Just Returned From a Session of the Free Baptists of Wisconsin.

City Missionary Mary Kimball has just returned from the annual gathering of the Wisconsin Free Baptists at Oakfield, Wisconsin. The session was a most interesting one and was very well attended both from this state and outside. Among those who read papers at the session were Dr. Hulbert of Chicago, Harry Myers of Hillsdale, Michigan, and Rev. Mary Kimball. On Sunday night a union service in the Methodist church of Oakfield was held and at the conclusion of the religious services the entire congregation joined hands about the church and sang the hymn "The Bond That Ties."

## IMPERIAL BAND IS TO PLAY IN PARK

Third of the Concerts Will Be Given This Evening in the Courthouse Park.

This evening in the Courthouse park the Imperial band will give the third of their series of outdoor concerts. The program arranged will be proven exceptionally good and should be enjoyed by man despite the cold weather. With plenty of places to sit and scarcely any noise from passing cars the concert will doubtless be enjoyed by many more than was the last on the Corn Exchange. The program is as follows:

March—"Call of the Wild"—Losey  
Overture—"The Golden Scorpion"  
Romance—"The Harmony of Love"  
Two Step—"Marconigram"—Allen  
Waltz—"Romantic"—Tobain  
Caprice—"Militaire"—Rollinson  
Selection—"King Dodo"—Luders  
March—"Knight of the Sword"—Losey

## BISHOP'S CARRIAGE BEGINS TOMORROW

Exciting Story That Starts in Wednesday's Paper—Well Worth Reading.

In announcing the appearance of the new serial story, "In the Bishop's Carriage," written by Miriam Mitchell, the Gazette offers its readers a rare treat in the literary line. This story has been more talked about and has created a bigger sensation than any other story which has appeared in the last few months. It is a copy-righted story by the Bobbs-Merrill company and is so full of interesting situations that from the opening chapter to the word "finis" it is exciting. "In the Bishop's Carriage" is a masterpiece in the art of story telling. It is a wonderful conception and it is with great pleasure that the Gazette is able to present it to its readers. As a story for summer reading in the hammock, on the porch or by the lamp it is excellent. Do not fail to watch for the opening chapters and if you have not time to read it when the paper arrives cut it out and read it later. In the past the Gazette has received many requests for copies of the Gazette which the subscriber missed or mislaid containing other stories. The new story is even better than any hitherto presented and its appearance will be watched with interest. The opening chapters will appear in tomorrow night's issue and will be continued each day until the story is complete. The story opens with a railroad scene where a clever girl thief, Nancy Olden, escapes detection by hiding in the Bishop's carriage. She is quick witted and clever and uses her brains to get out of many difficult scrapes. It is a good story for a hot day or a hot evening and each chapter is really a separate story so intense is the excitement and adventures of this daring little woman.

## MINOR BUSINESS OF CITY FATHERS

Sidewalks and Highways Received Their Usual Attention at the Meeting Last Evening.

Highways and sidewalks received their usual attention at the session of the city council last evening. The petition of property-holders on the west side of North Main street between North First and East Milwaukee that the gutter be paved with brick was received and the street commissioner instructed by an order to serve notice on the lot-owners to make such improvement. He was also directed to close the sewer that has its opening in front of the store of McCue & Buss on Main street; to lower the brick crosswalk on Linden avenue on the west side of Washington to grade; to build new ones across Mineral Point avenue on the east side of North Franklin and on the west side of Madison, across Hickory street on the north side of Glen, across Glen on the west side of Hickory and on the east side of North Main; to repair Jackson street from Milwaukee to Oakfield and St. Clair street from Milwaukee avenue to South Third. Property-owners on the west side of Caroline street between Hyatt and Water were given permission to build a four-foot sidewalk. Mayor Hutchinson and Alderman Hager were appointed a special committee to examine the roof of the city hall and recommend proper means of placing it in good condition.

## CURRENT NEWS NOTES.

Horse Thieves Again: Two well-dressed men secured a horse and rig at the Smith livery in Beloit last evening, assuring the owners that they would be back at ten o'clock. When morning dawned today and the outfit had not been returned, the Messrs. A. T. and A. J. Smith became alarmed and commenced to telephone neighboring towns and cities. When they got Ryan & Son of this city they learned that the two men answering the description had left a horse and buggy in the local stable last night with word that they would call for it in the morning. Whether or not a burglary or the theft of the horse was contemplated or whether it was just a "joke" on the livery-men can only be surmised. The two men could not be found in the city today.

Sunday School Picnic: The children of the Presbyterian Sunday School, with their teachers and a number of their parents, enjoyed a picnic up the river today. The largest numbers went this morning and just after the noon hour, while still others are going late this afternoon. The day was spent in the usual picnic games and amusements.

Will Buy New Organ: The congregation of St. Patrick's church has decided to buy a new pipe-organ at once. When installed it will be one of the largest in the city.

Raised a Cauliflower: Jonathan Pickett, who has a large garden at 157 Milton avenue, has raised several fine specimens of cauliflower at ready this year.

Mormon Would Speak: Mayor Hutchinson informed the council last evening that a reverend gentleman whom he believed to be a Mormon elder has asked for permission to speak on the streets. The matter was referred to the police committee with power to act.

Fooled Them All: The Moscow Evening Journal of Thursday, June 22, gives an extended account of the nuptials of Miss Caribel Butterfield and Bernard M. Palmer of Janesville. A brief bit of gossip relative to the bridal couple slipping away is as follows: "Yesterday afternoon a trunk belonging to yesterday's bridal party was brought to the N. P. depot to be shipped to Spokane. A number of friends went to the depot last night bent on decorating the trunk to proclaim that it belonged to people newly wed. After a useless search, for the trunk had been placed under a pile of freight, they departed, leaving behind them a trail of rice that had been intended to convey to the happy couple the felicitations and good wishes of their many friends. Meanwhile Mr. Palmer and his bride went to Pullman in a carriage, where they took the morning train to Spokane."

## ANNUAL EXCURSION OF TRADES COUNCIL

Trip to Milwaukee Will Be Made on July 16 This Year—700 Expected To Go.

Arrangements for the third annual excursion of the Janesville Trades Council to Milwaukee on Sunday, July 16, have been practically completed and it is expected that the St. Paul train which leaves here at 8:15 p. m. on the morning of that day will carry over 700 members of the unions and their families. The committee consisting of T. J. McKelvey, Fred Schmidt, and Richard Lee which was appointed to take charge of the preparations, has sent invitations to the Beloit and Rockford trades councils to take the trip and it is probable that a large delegation from Beloit, at least, will be on hand. The interurban line officials have agreed to have cars waiting at the local station when the train returns in the evening. As it does not leave Milwaukee until eleven o'clock the hour will be some time after midnight.

No special plans have been made for entertainment in the city as the picnics at the parks, excursions, and theatres may be relied upon to furnish amusement for all. The social democrats are to picnic at Schiltz Park and Walter Thomas Mills of Chicago will be the orator of the day. All Sunday railroad excursions in Wisconsin this summer save one from Janesville and one from Madison, have been called off by the railroad management. It was feared for a time that the one under discussion would be dispensed with but the committee was able to persuade the officials to make one exception to the general rule in favor of this city.

## REV. CHRISTY AT SYNOD IN RACINE

Janesville Pastor Is Attending Meeting of English Evangelical Lutheran Churchmen.

Rev. W. P. Christy, pastor of St. Peter's church, left this morning for Racine, where he is to attend the English Evangelical Lutheran Synod of the Northwest which opened its fifteenth meeting today. George Schaller, a lay-delegate from the local church, expects to visit Racine on Thursday. Besides the congregations in Milwaukee, Racine, Kenosha, Cedarburg, Janesville, Beloit, and Plattville, the synod embraces workers from a district bounded in the north and west by Winnipeg, Fargo, and Sioux Falls. The growth of this denomination in Wisconsin has been very rapid. Seven years ago there was but one church with 250 members. Now there are ten with 1,500 members, and churches have just been started at Superior and Madison. The sessions will be held in the Church of the Holy Communion at Racine and will continue through Sunday.

## BADGER GUN CLUB PLANS TOURNAMENT

Will Hold Big Event in Early Part of August—Good Scores at Weekly Shoot.

Sometime probably along in the first part of August an immense trap shooting tournament will be held here under the auspices of the Badger Gun Club. Plans have not yet been perfected nor arrangements made but members of the organization say that it will be one of the largest ever held in Southern Wisconsin. In this week's shoot of the club twelve members participated and the scores made are appended:

Groff	shot at, broke	41
Williams	.....	37
Frey	.....	31
Horn	.....	30
Blunt	.....	29
Sherwood	.....	25
Wood	.....	23
Mason	.....	25

There will be a meeting of the club Thursday evening at the regular place.

## SUMMER DELIVERIES BEING FINISHED AT MANUFACTORY OF WESTERN SHOE COMPANY

Shop Will Be Closed Few Days For Inventory—Fall and Winter Orders Next.

At the plant of North River street of the Western Shoe Company are now being completed the goods for summer delivery. It is nearing the time for the end of the run on these and within a short time the factory will close down for a few days for inventory. Upon reopening work on the fall and winter orders will be commenced.

## MISS MARGARET COCHRANE WEDDED TO RAYMOND LEE

Ceremony Was Performed By Rev. Denison At Four O'clock This Afternoon.

Raymond Lee of Rockford and Miss Margaret Cochrane, daughter of Mr. and Mrs. Wallace Cochrane, were married at the home of the bride's parents at four o'clock this afternoon by Rev. R. C. Denison. Preparations for an elaborate wedding repast, following the ceremony have been made. Early this evening the young couple will depart on a short honeymoon trip. The bride is a graduate of the Janesville High school, class of 1902, and is a very popular young lady. The groom, who formerly lived in Milton, is employed as a machinist in Rockford. The young couple were the recipients of a number of handsome gifts.

## FROST FOLLOWED A RARE DAY IN JUNE

Visitation Last Evening Seems To Have Been Quite General in the County—No Great Damage.

Those who arose early enough this morning to see it were dismayed to find a light white frost gleaming on the roofs of houses and holding the whole landscape in its icy clutches. L. L. Beers was in the city this morning and reported it. M. D. Owen came in from Footville and described the phenomenon. He did not think that any great amount of damage had been done owing to the fact that the vegetation is so far along. Mr. Owen remembers that there was one year in Rock county before the Civil War when there was at least one frost every month of the year. Quite distinctly, he recalls, that his crop of corn was cut down by a severe visitation of the kind on the fifth of July that year.

Picnic Tomorrow: Tomorrow morning the Sunday school of the Central Methodist church will take the Buchholz steamer at the west end of the Fourth avenue bridge for Idlewild park, where they will hold their annual picnic. The first steamer will leave at nine a. m., followed by one at eleven and a later one at two o'clock.

## Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was restless at night, and never had a good night's rest. She also suffered much from nervous headache, and Dr. Miles' Nerve was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment, she was wonderfully improved. Continued use of Nerve has completed her entire cure."

WHY DOCTORS FAIL

AND MRS. PINKHAM SUCCEEDS

Plain Reasons Are Here Given to Explain Why Lydia E. Pinkham's Vegetable Compound Cures When Doctors Are Powerless

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctors fail to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

It was for this reason that years ago Mrs. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her to give details to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that many thousands of them have been cured by following the advice of Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated womb diseases.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

### SHOOT TO PROTECT HER SON

Cook in Construction Camp at Staunton, Ill., Kills Teamster.

Edwardsville, Ill., June 27.—Jacob Beppler of Raymond, Ill., was shot and instantly killed at Staunton, Ill., by Mrs. Bittler, a cook in the construction camp of J. Lang. The tragedy was the result of a quarrel between Beppler and a son of the woman and occurred while Beppler was watering his horses at the camp. It appears that the woman feared that her son was about to be roughly handled, and, seizing a revolver, she stepped to the door of the tent and fired. The ball entered Beppler's side, striking a rib and ranging downward, causing his death. Mrs. Bittler made no effort to escape. Beppler was a teamster.

### SPARKS FROM THE WIRES

Watt C. Gregg, whose wife shot her four little children and herself on Sunday at Grand Lake, Col., went from Walworth county to that state in 1891 and located on a ranch in Grand county. He came to Wisconsin from Indiana in 1874 and from 1877 to 1891 was a resident of Troy Center, Walworth county.

Sylvester Thomas, colored, was arrested at Green Bay and taken back to Iron Mountain, where he will answer a charge of attempted murder. Thomas was a porter on a Milwaukee road-train and had trouble with another colored employee. While the latter with three others was seated at a table Thomas is said to have returned and fired four times into the party, injuring one.

Brigadier General Thomas J. Wint, who temporarily succeeded Major General John C. Bates in command of the northern division of the United States army, arrived in St. Louis yesterday and took command of division headquarters.

**Family Is Killed in Storm.**  
Mitchell, S. D., June 27.—The storm west of here did considerable damage to residence and business property and several lives were lost. A family of three—father, mother and daughter—were killed outright by flying timbers.
